Call for Papers

Eighteenth International Conference
on e-Learning and Innovative Pedagogies

National Changhua University of Education (NCUE)
Changhua City, Taiwan
25-26 April 2025

The theme of this year's *e-Learning & Innovative Pedagogies* Conference is "Learning from Artificial Intelligence: Pedagogical Futures and Transformative Possibilities." The aim of this conference is to create a forum for various stakeholders to discuss the impact of AI on teaching and learning and to better each other's roles in terms of innovation and transformative responses to related technological advances. As such, researchers, educators, and professionals across disciplines are invited to engage in an interactive and critical dialogue on trends, issues, and findings related to the impact of AI on contemporary life, work, and education.

Plenary Speakers:

Professor William Cope, University of Illinois, Urbana-Champaign
Professor Mary Kalantzis, University of Illinois, Urbana-Champaign
Professor Gwo-Jen Hwang, National Taichung University of Education
Professor Jason S. Chang, National Tsing Hua University
Professor Hao-Jan Chen, National Taiwan Normal University

Theme 1: Considering Digital Pedagogies
Sub-theme 1-1: Adoption and integration of AI into pedagogy
Sub-theme 1-2: Emerging innovative and transformative e-learning pedagogies

Theme 2: New Digital Institutions and Spaces
Sub-theme 2-1: Critical stances towards AI in the classroom
Sub-theme 2-2: Teacher training in the era of e-learning

Theme 3: Technologies of Mediation
Sub-theme 3-1: Impacts of e-learning on teacher and student psychology
Sub-theme 3-2: Impact of AI on Applied Linguistic applications

Theme 4: Designing Social Transformations
Sub-theme 4-1: A social and humanistic perspective towards AI
Sub-theme 4-2: Fostering interdisciplinarity and communities of practice
Sub-theme 4-3: Digital Humanities and the changing role of literature

Submitting Proposals
Proposals for all types of presentation must be submitted online:
https://cgscholar.com/cg_event/events/Q25en/submit_a_proposal

Special issues for collected papers:
A special issue in the *Journal of Ubiquitous Learning* (https://ubi-learn.com/journal/call-for-papers) will feature selected papers delivered at the conference. Papers presented at the conference are welcome to submit full paper for publication. The deadline for submitting it is July 31, 2025.

Important Dates:

Abstract submission deadline: September 30, 2024
Abstract acceptance notification: October 30, 2024
Full Paper submitted for Journal of Ubiquitous Learning: July 31, 2025
